GENUINE OEM PARTS

2012 SNOW SERVICE PARTS & ACCESSORIES GUIDE

WHY USE GENUINE ARIENS® PARTS?

You've purchased a **legendary product** — one that promises to give you **extraordinary performance** year after year. It's the **exceptional parts** and **comfort-creating accessories** that make up these high-quality, high-performing machines. Everything on your Ariens Sno-Thro® is built to superior and exacting standards. Every part. Every accessory. So when you choose them for your Ariens, you know you will get the best fit, best form and best function. Always.

We manufacture the majority of our Ariens parts at our Brillion, Wisconsin facilities, and whenever possible, source our supplies from an **American company**.

We build with pride, so you can sell with pride.

Ariens parts are shipped out of our distribution center in Indiana, and we are dedicated to providing you with superior products and on-time delivery. We even have a **Parts Guarantee**, providing you with same day shipment for all orders received and verified before 2:00pm CST. If your part is not in stock and placed on backorder, will be shipped via ground with free freight.

SHEAR BOLT KITS

Shear bolts protect your most expensive Ariens® Sno-Thro component — the gear box. Ariens shear bolts are engineered to exact specifications (unknown to anyone else in the industry) and are specifically designed to rupture at the designed load limit every time. Manufactured to ensure the greatest uniformity, they are quality tested using proprietary equipment and procedures. They are made specifically for use in Ariens equipment, so using any other kind would jeopardize your Ariens.

FEATURES:
- Engineered to exacting design specifications
- Ultimate strength, accuracy and uniformity
- Assured load limit rupture
- Proprietary testing
- Use assures warranty
